

Swift Canoe & Kayak

## Pack Boat Spray Cover Installation

Please read all instructions thoroughly. If you have ANY questions prior to starting your repair, please call the factory at 866-386-1881 to discuss before you start working.

### **This kit contains:**

- Spray Cover
- 2 x velcro strips
- 2 x Adhesive Promoter pouch

*\*Adhesive promoter is highly flammable and has strong fumes so it is best to work in a well ventilated space*

### **You will also need:**

- Glass Cleaner
- Latex Gloves

### **Preparing installation area:**

- Using glass cleaner wipe down and thoroughly dry the area just below the gunwale on each side starting at the bow of the boat and working your way back to the seating area.

### **Velcro Installation:**

- It is best to wear latex gloves when working with the adhesive promoter. If you do happen to get it on your skin wash immediately with soap and water.
- Starting on one side of the boat and working from the bow, back to the seating area, wipe adhesive promoter sponge along the 1" area directly below the gunwale where you cleaned and allow to fully dry.
- Unroll velcro strip and working in 6" sections, peel the backing away from the velcro and adhere it directly under the lip of the gunwale on the side that you have prepared. Peel the backing off as you go until you reach the end.
- Move to the opposite side of the boat and apply adhesive promoter. Allow to fully dry.
- Apply velcro on opposite side in the same manner as before

### **Spray Cover Installation:**

- Unroll the spray cover and lay on top of the boat
- Attach the cover on both sides of the boat just below the deck plate by pressing the velcro of the cover to the velcro strips on the boat.
- Attach the velcro side of the cover to the velcro strip all the way down one side of the boat
- Then, move to the other side of the boat to tighten up the cover as you attach the opposite side.

*\*We recommend removing your spray cover from your boat when you are not using it and always removing during transport on your vehicle.*
